

CHAMBER OF COMMERCE HAS SPLENDID MEETING

Water, Advertising and Highways Discussed—General Standing Committees Appointed For 1922 and the 1921 Financial Report Was Received as Submitted by Treasurer Dulaney.

The question of good, pure water for Bryan was discussed before the board of directors of the Bryan and Brazos County Chamber of Commerce by Mayor Tyler Haswell, City Manager E. E. McAdams, R. S. Webb, Prof. R. O. Allen, President W. H. Cole and others Tuesday morning. The general consensus of opinion was that following the suggestion of Mayor Haswell and City Manager McAdams that Bryan would in due season have a larger and greater water system to meet the increase in population and demand. It is suggested that an adequate water system will cost \$300,000 to \$500,000. The water question Prof. Allen declared was one of the most important and should be taken up and discussed by the people of Bryan. The city commission has been doing all in its power to secure more water and was generally commended as Bryan has as good water as any town its size in Texas. The following members were present at the meeting: Prof. R. O. Allen, Wilson Bradley, Travis B. Bryan, W. H. Cole, J. N. Dulaney, J. M. Gordon, Tyler Haswell, M. L. Parker, T. K. Lawrence, J. D. Martin, Oak McKenzie, E. E. McAdams, Major L. L. McInnis, Lee J. Rountree, R. S. Webb and D. L. Wilson. There were five members of the board reported out of town. President Cole was in the chair and Secretary S. E. Eberstadt at the desk.

Upon motion the Highway Committee was asked to ascertain the exact date of the expiration of the bond for repair of the Bryan and College road and report back to the meeting next Tuesday.

The matter of the advertising schemes was brought before the Board of Directors and now that traveling persons see that the business men have put a ban on many of them, they are now going to the women of Bryan for support and in many instances have been proven open impostors on the people. Standing Committees Appointed—Finance Committee—J. M. Gordon, chairman; H. O. Boatwright, Jno. M. Lawrence and W. S. Higgs. Trade Extension Committee—D. L. Wilson, chairman; R. S. Webb, Sam B. Wilson and E. F. Parks. Entertainment Committee—T. K. Lawrence, chairman; M. E. Wallace, M. M. Erskine, Jas. E. Sullivan, Rev. S. Moylan Bird, A. S. McSwain and Ernest Moore. City Development Committee—Oak McKenzie, chairman; J. W. Batts, Major L. L. McInnis, H. S. Locke, M. L. Parker and J. B. Stevenson. Agricultural Committee—J. D. Martin, chairman; C. C. Morgan, R. Hudspeth, R. J. Ned-balek, W. B. Cook and C. L. Eden. Educational Committee—E. E. McAdams, chairman; W. R. Mittie.

A. S. MCSWAIN OUT FOR COUNTY CLERK

I wish to announce as a candidate for re-election to the office of County Clerk for Brazos county. It has been my pleasure to serve in that capacity during the present term. My desire is to fulfill the duties incumbent upon me and to extend to the people every courtesy. I am willing at all times to accommodate any one. I am very grateful for past favors shown me and would appreciate to the fullest extent your support again. My candidacy is subject to the actions of the coming democratic primaries.

A. S. MCSWAIN.

RUFUS GOES TO DALLAS.

Rufus Bunting, the ten year old son of Mr. and Mrs. Frank Bunting who has been confined to his bed for several months as a result of accident which fractured his thigh when an automobile collided with him and the horse he was riding on College Avenue, is patiently awaiting the time when the plaster paris casing will be removed from the injured limb and replaced with a steel brace. The specialist in Dallas who has the case in charge has set February 18th as the time for Rufus to come to Dallas for that examination and attention. Mr. Bunting and Rufus will go to Dallas on Saturday, February 18th.

A farmer with a well fed and well clothed family living in a congenial and attractive home with a good account makes an excellent citizen and sees only the most pleasant side of life. Such a condition is easily possible with good farm chickens.

EIGHT PRISONERS IN BRAZOS COUNTY JAIL

Besides about 25 criminal cases, which are out on bond, Sheriff L. E. Morehead has eight prisoners in the county jail, six of whom are being kept because of inability to furnish bond. The prisoners with the charges brought against them are: negroes—Charne Anderson and J. L. Gause, highway robbery; Zeb Daniels, burglary, (he broke into Cole's Hardware store some time ago); Joe Young, assault to murder; Olie Atkinson, stealing turkeys; a Mexican, Ivarra, carrying a pistol. Other inmates are a negro woman, Daisy Hughes, insane, and a negro man, Jesse Williams, insane and addicted to epileptic fits. The Brazos county district court will convene Monday, February 13, in a term of six weeks, Judge W. C. Davis, presiding, County Attorney J. G. Minkert will represent the state. District Clerk J. W. Barron has both the civil and criminal docket in fine shape for the convening of the court.

County Tax Collector Roy Hudspeth has announced for reelection as tax collector in Brazos county, subject to the action of the democrats in the coming July primaries. Collector Hudspeth has made an efficient and competent public official and comes under the Jeffersonian test (1) Honest; (2) Faithful; (3) Competent and (4) Democrat. His friends will give him hearty and enthusiastic support.

Another Brazos county farmer sold hatching eggs during January to the extent of \$38.

CIVIL DOCKET FOR THE DISTRICT COURT OF BRAZOS COUNTY

The Brazos County District Court will convene next Monday, Judge W. C. Davis, presiding. The grand jury will be called Monday morning. Sheriff L. E. Morehead has furnished the Eagle with the list of petit jurors for Wednesday, February 15: H. F. Foster, E. L. Sample, I. F. Thompson, C. S. Beckwith, A. W. Stevener, D. L. Peters, W. S. Miller, W. L. McCulloch, Oscar Linze, H. F. Wheeler, C. R. Presnal, T. J. Croner, J. M. Carter, A. K. Brown, N. K. Grear, A. W. Schultz, Ben Kelly, J. W. Fullerton, J. H. Todd, N. L. McCullough, R. F. Crenshaw, C. M. Risinger, V. C. Andrews, O. L. Wilcox, T. P. Gilmore, W. N. Hall, J. B. Kelly, J. H. McCulloch, W. D. Yardley, Walter Smith, Jno. Wisnowsky, W. S. Jones, C. A. Keller, C. R. L. Jones, Y. C. Watson and C. M. Cole.

Civil Cases on Docket.
With 46 old cases to be brought up, 19 cases have been filed since the September term of court. Of the old cases the first was filed on August 22nd, 1921. A. A. Cooper vs. H. L. Smith, trespass to try title. (Originated) Brazos river took about 35 acres of Cooper's land and passed it across to other side of Brazos county, Brazos county taking land from Burleson county. Cooper's land is in Burleson county and Smith's land is in Brazos county. Mr. Cooper died last year.

Cases filed since the September term, 1921:
Mike Wisoski, vs. Will Richards, et al, suit on note and for foreclosure of lien.

Lawrence Grocery Company vs. Lee Kaplan, open account.

State of Texas, et al, vs. W. E. Saunders, suit for income tax.

The City Tailors vs., Sam Kaplan, open account.

Rechter-Levin and Company, vs. Sam Kaplan, promissory note.

John F. Grant, vs. Allen Chapel African Methodist church, promissory note and foreclosure of lien.

A. J. Edwards vs. Jesse Daniels, Jr., open account.

Lawrence Grocery Co., vs. Mrs. M. L. Salvato, promissory note.

John T. Daly vs. Tom D. Daly, et al, suit for petition.

A. B. Welch, vs. D. W. Ewing and wife, suit on vendors' lien notes.

Samuel Levy, et al, vs. William Bass, suit on vendors' lien notes.

B. F. Goodrich Rubber Co. vs. Leonard Keller, suit on open account.

T. A. Bunting for self and minor son, Rufus Bunting, vs. E. W. Kerr, et al, damages.

The Acorn Refining Co., vs. New Chapel Baptist church, et al, account.

R. H. Harrison, vs. Tony Rofino, Jr., et al, vendors' lien notes.

Chas. Palermo vs. Sam Listi, Jr., suit on vendors' lien notes.

Henry Regmund, vs. F. J. Regmund, damages and injunction.

Howell Lumber Co. vs. American Indemnity Co., et al, open account.

City of Bryan, vs. American Indemnity Co.

Naturalization Cases.

District Clerk J. W. Barron announces the following petitions for naturalization are set for hearing on Tuesday, before the 85th Judicial District Court, the 14th day of February, 1922, to wit: Frank Kohut, born in Bohemia, now of Bryan. Gus Wellmyer, born in Germany, now of Milligan. Andrew Krus, born in Poland, Germany, now of Route 5, Bryan. Frank Kolecny, born in Austria, now of Bryan. John Milberger, born in Moravia, Austria, now of Wheelock. John Blaha, born in Vizovic, Austria, now of Bryan. John Melzer, born in Poland, Germany, now of Route 4, Bryan. Julius Lockstedt, born in Poland, Germany, now of Kurten. The above cases will be disposed of if applicants appear.

CARNEGIE LIBRARY TO KEEP OPEN HOUSE

At a recent meeting of the board of directors of Carnegie Library it was decided to keep open house once a year when the public will be invited especially on that day to come and inspect their library and see just what an asset they have. If you don't know and enjoy your library it is your fault. So when the day for this open house is announced it is to be hoped that every Bryan citizen will call and see just what a valuable asset our library is to the town. And the big vision in the minds of many is to make this asset available to all the citizens of Brazos County.

More turkeys should be raised in Brazos county. At Christmas time \$100 or \$200 would add much to the joy of Christmas living.

ONIE AND HORACE WHITE ARE RELEASED

Sheriff L. E. Morehead received the mandate from the Criminal Court of Appeals at Austin reversing the cases of Onie and Horace White who were sent to the penitentiary from Brazos county on a charge of venire from Grimes county for the killing of Dr. Harrison. They were released on the bonds formerly given before the trials here in the district court. Onie White when released by Sheriff Morehead left for his home in Eastland and Horace White went to his home at North Zulch in Madison county. The cases will come up again here in the district court.

RUCHTI-HOLUBEC NUPTIALS.

(Special to the Eagle).
Kurten, Texas, Feb. 2.—Mr. Paul Ruchti of this city and Miss Celestine Helen Holubec were united in marriage by Rev. J. B. Gleissner, Monday morning at 10 o'clock in St. Joseph's Catholic church. The bride was robed in a beautiful silk gown of white georgette and messeline combined and was crowned with orange blossoms. Misses Mary Lero of Bryan and Victoria Oprestny of Kurten were the bridesmaids, dressed in gowns of orange. Their partners being, Messrs. Walter Schultz of this city and Anton Fridel of Kurten. After the ceremony the happy couple and crowd of friends returned to the home of the bride where a lovely dinner was served. She was the daughter of Mrs. Joe Holubec of Kurten, a bride of seventeen. At night an entertainment was given for all of their friends. Many were present and had a most enjoyable time. Twelve o'clock was the hour set to cut the wedding cake. When twelve struck all who were present were called to the dining room table. To the surprise all the friends found it to be the prettiest, largest and best cake ever seen or eaten. On account of bad weather or for some misunderstanding a few of their friends left before twelve and missed the grandest time that night. Mr. and Mrs. Paul Ruchti will make their future home in Bryan and we wish them much success and a long and happy life.

MARAUDERS AT WORK.

Malicious marauders sneaked into the cow lot of Mrs. John Soares at her home on Bryan Street last night and disemboweled a fine young jersey milk cow. Dr. R. P. Marsteller of College was sent for and it is hoped the cow's life will be saved. This is thought to be another evidence of spite that has existed for some years between this Greek family and some other parties. It will be remembered that at various times these people have suffered losses by fire and otherwise. The case has been referred to peace officers who are now working on it.

TALKING ABOUT ALL OF US.

Some body has suggested that too many people want diamonds, decollete gowns, tailored suits and silk shirts without first being willing to use alarm clocks, overalls and flannel shirts.—Tom Perkins in McKinney Courier-Gazette.

Whoever the above mentioned "somebody" is he sure said a mouthful and placed his finger on the very spot that is causing so much worry and trouble these painful days of readjustment. As a people we are not content any more to work patiently and diligently for what we need or want.—Sam E. Miller in Mineral Wells Index.

MISS ETHEL EVANS, PRESIDENT OF THE FRIENDSHIP BIBLE CLASS OF THE BAPTIST SUNDAY SCHOOL, CALLED THE REGULAR MONTHLY BUSINESS MEETING OF THE CLASS THIS AFTERNOON AT 5 O'CLOCK AT THE RED CROSS OFFICE.

A goal of sixty members by the last Sunday in March has been set by the class and the campaign will be launched this week.

Dr. Sandifer in Bryan.

Dr. J. D. Sandifer, president of Simmons College at Abilene, was recently in Bryan on the invitation of Dr. Jno. A. Held, pastor of the First Baptist church, and preached two great sermons. He is one of the ablest ministers in the church, and the visit of the Heresy Board to Simmons College is only merely to fulfill the mission of the resolution adopted by the State Baptist Convention.

MARRIAGE LICENSES.

County Clerk A. S. McSwain has issued the following marriage licenses for Brazos county since last Tuesday: Jean Pruett and Juanita Harper; Fred Dobresky and Malinda Willmer; Joseph D. Madden of the U. S. Army, stationed at College and Maggie Dillen of Brenham.

LOST.—Gray pony, roached mane. Reward for return to C. A. Worsham, Route 5, Bryan, Texas.

MOSLEY GETS TEN YEARS IN PRISON FOR MURDER OF MR. PAYNE

Rev. J. J. Tatum received a message today from Rev. J. L. Payne of Bryan, who was in Anderson, attending the trial of A. A. Mosley of Madison county on a murder charge for the killing of R. H. Payne, father of Rev. Payne that the jury had brought in a verdict of ten years imprisonment in the state penitentiary. This was the second trial for Mosley, the first being at Madison, and resulted in a hung jury. Rev. Payne has many friends and relatives in Bryan and Brazos county who have been watching the progress of the case and its outcome.

SAD DEATH OF MISS ANNIE RUTH HENRY

Miss Annie Ruth Henry, the 17-year old daughter of Mr. and Mrs. H. H. Henry, died at the home of her parents in this city on Sunday morning at 8:30 o'clock after an illness of nearly three years. The Henry family were residents of Brazos county for many years, and only a few years ago moved to Coleman City, in West Texas. Several months ago they came back to Bryan to bring their daughter to the Bryan hospital for treatment. All that medical skill and tender nursing could do was done but to no avail, and death relieved the sufferer on the date above stated. Young and of sweet, gentle disposition, with hope and ambition and all of life's joys and beautiful before her, it seems hard to be resigned in her going away, but we know that the Heavenly Father reckons beyond the darkened day, and doeth all things well for his children. Deceased is survived by her devoted parents, two brothers, Dr. E. V. Henry of Tampico, Mexico and Q. B. Henry of Bryan, and one sister, Mrs. J. B. Stinson of Bryan. The funeral services were conducted from the family home in the southern part of the city, Monday morning at 10 o'clock, Dr. W. N. Sholl, pastor of the Presbyterian church officiating. Interment was made in the city cemetery. Following were the pall bearers: R. Q. Austin, John Seeley Caldwell, John M. Collins, Ed. Derden, Allen Carr and H. P. Dansby.

BAPTIST HERESY BODY VISITS SIMMONS COLLEGE

(Special to the Eagle).
Abilene, Texas, Feb. 8.—The board of Baptists named by the State Convention to investigate charges of heresy in denominational institutions of learning was here today at Simmons College. No complaint has been made against Simmons, but the board came here at the personal invitation of President J. D. Sandifer, who is also president of the state convention.

No Need of Alarm.

Dallas, Texas, Feb. 8.—"There is no need for alarm among the Baptists of the state with regard to heresy in the denominational schools and colleges and the university," Dr. M. M. Wolfe, a member of the committee appointed to investigate the charges, said today, while in Dallas. He declared that conditions are not as bad as they have been represented. A report will be made to the executive board of the Texas General Baptist Convention at a called session in March, he said.

SOME SPLENDID SAUSAGE.

Our good friend W. N. Wilson, living near Tabor, was in town Monday and left some of the finest sausage ever made at the Eagle office. We will not use the hackneyed phrase "country sausage" for this is not necessary to establish the absolute supremacy of sausage made by Bro. Wilson.

Good birds, properly cared for will supply all the home needs of fresh eggs and good table fowls and at the same time pay for the tea, coffee, sugar and other table necessities that a farmer can not produce on his farm.

LEGISLATION IS AGREED UPON AT WHITE HOUSE

(By Associated Press)
Washington, Feb. 8.—Ratification of the Arms Conference Treaties, the passage of the tariff bill, soldier bonus bill, farm credit and the merchant marine bills with the adjournment of Congress about June 1st is understood today to be agreed on by President Harding and members of the Senate and House committees as the legislative goal of the present session. The program is said to have been decided on at a White House conference held last night. It is said that treaties which President Harding expects to present to the Senate this week will be given the right of way until the tariff bill is reported by the finance committee. The two will then be considered alternately. President Harding is said to have been assured by senators of the prospect of little or no opposition to treaties of the Arms Conference.

BRYAN ROTARY CLUB LED BY MAYOR HASWELL

Mayor Tyler Haswell was chairman of the day at Rotary Luncheon Wednesday at the Green Parrot Tea Room, and the program he carried on was interesting and entertaining. Rev. S. Moylan Bird had charge of the music which added to the occasion.

Mrs. M. W. Sims, Sr., was introduced by the chairman, and she delighted the club with an address entitled "Men of Bryan." She stated that the Rotary Club is one of the greatest organizations Bryan had ever initiated, and predicted a new spirit in the city and county as a result of Rotary. Mrs. Sims address was along the higher lines of civic duty and patriotism as applied to our own country and is worthy of emulation. The men who are willing to make sacrifices deserve the support of the people who will be the beneficiaries was the real thought expressed by Mrs. Sims and her talk was one of the best ever made in Bryan.

Mr. S. J. Stockard, of Dallas, a guest of W. R. Fairman talked on "Movie Censorship." Mrs. Paul Swancoat sang two songs which were very much enjoyed by the membership. Prof. R. O. Allen, gave a recital of "The Spirit of Rotary," and Cadet McCullough of A. & M. College thanked the club for the assistance given him in his college work. Dean J. C. Nagle again urged the membership to attend the Regional Conference on Highways to be held at College February 6 and 7.

Leaders for the luncheon for next week will be F. L. Henderson, Jno. M. Lawrence the following week, and Jno. A. Moore, Jr., for the third week. The following were present: W. R. Fairman, Travis B. Bryan, Secretary Oak McKenzie, G. Sam Parker, Rev. S. Moylan Bird, Hon. F. L. Henderson, Major Ike Ashburn, Coach D. X. Bible, Tommie Mayo, Prof. R. O. Allen, Wilson Bradley, City Manager E. E. McAdams, J. A. McQueen, D. E. Moore, Mayor Tyler Haswell, J. T. S. Park, M. L. Parker, M. E. Wallace, Dean J. C. Nagle, C. E. Friley, Jno. M. Lawrence, Secretary S. E. Eberstadt, Mrs. M. W. Sims, Mrs. Paul Swancoat, S. J. Stockard, Cadet McCullough, W. S. Barron, and President T. K. Lawrence.

ROY HUDSPETH FOR COUNTY TAX COLLECTOR

I am a candidate for the nomination to the office of tax collector of Brazos county in the July democratic primaries and take this method of so informing the voters of the county. Responding to the confidence of the people in electing me as their tax collector, I have exerted my every endeavor to serve them faithfully and well. The making of all tax records has been done with the greatest care, and due diligence has been exercised in the collection of all taxes. As to the methods pursued in keeping the books and accounts of the office, it affords me pleasure in saying they are in balance to a cent, and any citizen of the county is at perfect liberty to call and inspect them whenever he may so desire.

The people of the county have had opportunity to judge as to whether my methods of conducting the affairs of the tax collectors office are efficient and up-to-date; of whether or not they are given prompt attention and courteous treatment in all their dealings with the tax collectors office, and if their verdict on these points are not in my favor I am willing to abide the consequences. If it is in my favor, I would very greatly appreciate their support in the coming primaries, with a promise of the same faithful service in the future as in the past. With grateful acknowledgements for all past favors, I am, yours most truly,

ROY HUDSPETH.

BRYAN WEEKLY EAGLE

Printed every afternoon except Sunday by the Eagle Printing Company, Bryan, Texas. Board of Directors: Lee J. Rountree, President; H. O. Boatwright, Vice President; P. A. Tardy, Secretary; C. M. Cole, Assistant Secretary; E. J. Farmer.

Entered at the postoffice at Bryan, Texas, April 28, 1911, as second class matter under act of congress March 3, 1879.

LEE J. ROUNTREE—Managing Editor
MEMBER OF ASSOCIATED PRESS

All right Editor George Robinson, of the Waco Times-Herald, when you dam the Bosque we will have something else constructive for you to do.

The time was when you could stand on the street corner and advertise your goods. Don't try it now—it's too late. Advertise in the newspapers and be happy. The newspaper puts new business and towns on the map.

Grimes county has the modern trimmings in the persons of Miss Ida Reynolds, Home Demonstrator; C. Hohn; Farm Demonstrator, and Prof. Barron, county school superintendent.—Navasota Examiner-Review.

Every time we notice some European country raises an army to fight we expect another plea for the starving of those countries. If Europe would quit fighting and go to work the world would soon be normal.

Sunshine Joe Webb's "Sunshine and Shadow" has furnished us with the shadows for thirty-days. Now, Joe, give us some sunshine or you will not be held guiltless by the long suffering public. Get busy, Joe.

The Eagle is always more than pleased to publish any endorsement of any citizen of Bryan and Brazos county who is able and willing to perform any public service which will bring prosperity to our county and its business institutions.

You may have the best goods in town and sell them at a close margin of profit but how is the buying public to know it unless you place your offerings in the town's local paper? Advertising is the merchant's best weapon to combat competition from any source.—Franklin Texan.

From the American Mutual Magazine: The owner of a car of doubtful vintage ultimately concluded that it needed overhauling. After the garage man walked around it a couple of times, he remarked, "That's a good horn you have. Let's jack it up and run a new car under it."

The movie actors over at Los Angeles and Frisco who are making so much money that they are living in open debauchery ought to remember the fate of Sodom and Gomorrah. The American people will finally wake up and demand that these Augean stables be cleaned out unless there is reformation.

Senator Tom W. Perkins, editor of the McKinney Courier-Gazette, says the first speech he ever heard on politics was delivered by "Cyclone" Davis in Franklin county and that (Tom) was only ten years old. Let's see if Cyclone Davis was a grown man and a speaker in 1852—that makes him a real sage now, Tom.

Col. Billie Mayfield's weekly declares saloons are wide open in Galveston. We don't know whether our old friend is having a pipe dream, telling us the truth or whether he is working for the Galveston Chamber of Commerce. How about it Billie? You wouldn't have us to buy a ticket to Galveston only to be disappointed, would you?—Sunshine Joe Webb.

The report of the Humane Society of Houston says that the horse is staging a comeback and that there are 50 per cent more horses in Houston than there were a year ago. Pshaw, a year ago the average Houstonian thought money grew on trees and he would soon be riding around in an airplane. He had no idea of doing any work—hence he discarded the faithful and useful horse.

The editor of the Eagle received a large package of garden seed from United States Senator Morris Sheppard labeled "Kale Seed". Upon investigation we found the seed were not the kind of "kale" we need. We turned them over to Prof. A. W. Kinnard to plant and cultivate and report later on as to a fair division of the "kale." We shall see what we shall see.

The editor of the Eagle would be ungrateful indeed if he did not express his appreciation for the Young Mens Business Class of the Methodist church at Navasota for their kindly remembrance in being their honor guest on Friday evening at their first banquet under the leadership of Rev. H. M. Timmons, Secretary S. W. Adams and Prof. J. Fred Horn, of the high school. This proved to be one of the most pleasant profitable affairs ever held in our neighboring town and awakened a new interest among the young men of that place.

Former Director General Hines, of the U. S. Railway Administration, says that reduction in freight rates might do "irreparable injury" in the country. High rates have already slain its thousands and tens of thousands. High freight rates have made inefficiency and stagnation. There is something almost criminally wrong when the farmer sells his cabbage at \$6.00 per ton at San Benito and three days afterward the ultimate consumer in Dallas and Houston pay \$150 for it. It costs too much to handle the cabbage and the charges are too high. Men should go to work and that at once on a reasonable basis.

COMPLIMENTARY.

Judge Rufus Hardy is retiring from congress after sixteen years faithful service. Bryan has a splendid piece of congressional timber in the person of Hon. Lee J. Rountree of Brazos county. In our opinion Representative Rountree would represent our district with credit.—J. S. Robinson in Jewett Messenger.

Right you are, Bro. Robinson. Lee Rountree would make as able a representative in congress as he has in the state legislature, and should he enter the race it will take a mighty able man to defeat him in this district.—Major N. P. Houx in Mexia Daily Herald.

Yes, sir, Lee Rountree would represent our district with credit, for he is known there is no bigger congressional timber in the entire district than Lee J. Rountree.

The Tribune sincerely hopes that Mr. Rountree will fill his hat in the ring. Mr. Rountree is one of the best posted men on national affairs in the state today; he is a friend of the farming interests, owning a farm himself; the public schools and colleges, and is in every way qualified to fill the position now held by Judge Rufus Hardy in a manner that will not only reflect credit upon this district but upon Texas and the United States as well.—Louis Adams in Calvert Tribune.

SOME BIG HOG STORIES

A farmer at Bartlett, Williamson County, is reported to have recently killed a hog that netted 860 pounds. He sold 200 pounds of sausage, 230 pounds of lard and 120 pounds of meat, from the sale of which he received money enough to pay his taxes for last year and the insurance on his house for this year, besides having a lot of meat for his own use left.—Bryan Eagle.

That's nothing; a Fannin county farmer killed a hog that beat the above by forty pounds and then some, but no report as to the amount of sausage was received. The head, after it had been severed, weighed 95 pounds. There's money in such hogs all right, and if the county had a few more of them there would not be so much complaint about hard times.—Honey Grove Citizen.

And speaking of hogs, there is another kind—or several kinds—very numerous in every community. There is the road hog, for instance, the fellow who will not give you enough of the public road to get by as he flies past you in his big 6 or little lizzie. He may not be heavy as the Williamson and Fannin county porkers above mentioned, but what lacks in avirupoise he makes up for it, many times over, in gall and downright impudence. There might be other big hogs, but none more numerous than the r. h.—Mexico Daily News.

Hon. J. H. (Cyclone) Davis, of Sulphur Springs, is a candidate for congress against Congressman Eugene Black of Clarksville. Let's see! In 1890, more than thirty years ago, Cyclone Davis ran for congress against Dave Culberson, father of United States Senator Culberson. In 1912 he was elected congressman at large from Texas and was one of the most spectacular men in congress. He got the title of "Cyclone" Davis in Kentucky in 1892 in joint debate with the governor of that state who was a democrat and "Cyclone" was a populist. The governor of Kentucky remarked at Louisville in 1892: "Boys stay away from that Texas longhorn, he sweeps everything before him like a cyclone." The next morning the New York World referred to him as the "Cyclone from Texas." He has been known as "Cyclone" Davis ever since.

THE DANCE OF DEATH.

The Houston Post says: "With regard to the pitiful story of two women who killed themselves because they were against the wall and could get nothing to do, this much can be said: There are 50,000 people in Houston who would never have permitted that tragedy to happen if they had known." The cities and would be cities have a wonderful hold on people who rush there and are forgotten. The two poor deluded women, a mother and her daughter, sold their little farm out yonder in God's great, glorious open country and went to Houston. The pitiful story of want and starvation, of the suicide pact is heart-rending. The city doesn't know and thousands there don't know their neighbor—they are not their brother's keeper. Yet we heard a woman not long ago say: "I would rather starve on Broadway in a week than to live in the country prosperous for fifty years." The fact that Mrs. Langford and daughter, Lalla, killed themselves will soon be forgotten and other such deeds will take place. On with the dance of death.

BRYAN THE BEAUTIFUL.

Editor S. W. Adams of the Navasota Examiner-Review says: "Bryan is a beautiful little city. Its people are proud of it. They are willing to remembrance in being their honor guest on Friday evening at their first banquet under the leadership of Rev. H. M. Timmons, Secretary S. W. Adams and Prof. J. Fred Horn, of the high school. This proved to be one of the most pleasant profitable affairs ever held in our neighboring town and awakened a new interest among the young men of that place."

PLANTED PECAN TREES.

Rev. J. Tatum and County Superintendent Eck Smith went up to Benchley Thursday and secured twenty pecan trees and brought them in for planting. Let the good work go on.

A want ad in the Daily Eagle will bring results

BRAZOS COUNTY

BOYS AND GIRLS CLUB DEPT.

Club Notes and Farm News by County Agent C. L. Beason

Mary Nemece of Smetana school wins prize for best story written on Mr. H. A. Clapp's lecture at Smetana some weeks ago, she having written nine full pages and touching upon the salient points of a two hours' lecture. It was a splendid paper and we would be glad to reproduce it if we could spare the space. Another paper in the same contest which deserves special mention is that Annie Cahill who wrote eight pages giving a splendid account of Mr. Clapp's lecture.

Look out Edge club boys and girls! Steep Hollow comes in this week with report of 30 members, thus taking first place in enrollment in the county. The officers are as follows: Mr. E. R. Alexander, club leader; Raymond Mathis, president; Annie Laurie Cook, secretary; Lela Fay Mathis, reporter. To date Steep Hollow has 11 poultry projects, 8 livestock, 2 cotton, 4 corn, 3 peanuts. Mr. A. K. Short in speaking before the Tabor Short Course last Saturday remarked that he was glad to be at Tabor, the home of the boys' and girls' club, that won championship for best record, but he reminded them that Steep Hollow was a close second. Curtis Bullock a Steep Hollow club member, was first to enroll in Texas this year, and now comes his home club standing first in enrollment in the county. Look out! Tabor, Edge, Reliance, Harvey, College, Prospect, Smetana, etc., "The Campbells are coming."

Mr. P. Deering, principal Millican school, sends in the following program of the Rural Life Conference at Millican, February 9-10:

Thursday Afternoon, Feb. 9.

Poultry Show and Lecture—T. J. Conway.

BIG BANQUET HELD AT TABOR SCHOOL ON SATURDAY NIGHT

The Tabor Short Course in agriculture, which was attended by fully 1,000 peoples despite muddy roads, was followed Saturday evening by a banquet at the Tabor high school in honor of Mrs. Bertha Dahl Laws and H. S. Mobley, directors of the course, sent here by the International Harvester Company of Chicago. The program was as follows:

Toastmaster, S. E. Eberstadt, secretary Bryan and Brazos County Chamber of Commerce. Invocation, Supt. Eck Smith, superintendent of Education Brazos County. Tabor Schools, Prof. G. M. Ammons, superintendent Tabor School. Tabor Welfare Club, Mr. Walter Armstrong, trustee Tabor school Tabor Community Fair, C. L. Beason, County Agent Brazos County. Eyes that Cannot See, Mr. A. W. Buchanan, District Agent A. & M. Extension Service, Our Guests, Miss Mary Locke, leader of boys and girls club. Response, Mrs. Bertha Dahl Laws. Benediction, Rev. King Vivion.

Menu: Salted pecans, pickles, olives, celery, cream of tomato soup, fruit salad on grape fruit, baked chicken, cranberry sauce, potato chips, dressing, corn, peas, sweet potato with marshmallow, sliced pineapple and lettuce with mayonnaise, Lady Baltimore cake with peaches and whipped cream, coffee. The banquet was prepared by the Domestic Science class of the Tabor school under their capable and very efficient teacher, Mrs. G. M. Ammons. Those present were: Mrs. Bertha Dahl Laws, Mr. H. S. Mobley, Miss Mary Locke, Rev. and Mrs. King Vivion, Secretary Chamber of Commerce S. E. Eberstadt, Walter Armstrong, J. L. Cobb, Paul Dinkle, A. K. Short, A. W. Buchanan, G. M. Ammons, County Superintendent Eck Smith, G. P. Edge and County Agent C. L. Beason. Secretary Eberstadt was selected toastmaster by the committee and discharged that duty with imminent satisfaction. He introduced each speaker with appropriate remarks. His address was as follows: "Words are powerless to express my appreciation to the program committee for the honor, pleasure and privilege which you have conferred upon me in extending the kind invitation for me to preside as toastmaster at this magnificent banquet. And if I am unable to adequately paint you a word picture of my thanks and appreciation, I assure you it is but the feebleness of speech which would form great utterances to the wealth of words which are in my heart. I say magnificent banquet, because I can find no other word that will sufficiently and appropriately express my sentiments. I am not going to ask if you have enjoyed this grand dinner for I need but gaze upon your well cleaned plates and say to you, well done thou good and faithful. For the past ten years I have followed the profession of a Chamber of Commerce secretary, beginning my work among the pine woods and sandy lands where grows the luscious Elberta peach and delicious Klondyke strawberry, in good old East Texas. My work took me to all parts of Marion county, I attended gatherings and meetings of all kinds. I have worked in the beautiful Pecos Valley where grows the alfalfa, milo maize and white faced cattle. My work took me among the cow boys, ranchman and irrigation farmer in all sections of Reeves county. Five years ago I came to Bryan and was hardly here before my friend Mr. C. L. Beason brought me to Tabor and I have attended almost ever gathering and meeting in Tabor and all sections of Brazos county and I say unhesitatingly that in all my experience in East and West Texas and

Thursday Evening, 7:30. Address—Dr. W. B. Bizzell, president, A. and M. College. Friday, 9:30 A. M. Lecture—Dairying, J. L. Thomas. 12:00—Community lunch on grounds. 1:00—Good Seed, County Agent C. L. Beason. 3:00—Address, J. H. Kraft. 7:30—Address, Community Program Dr. W. E. Garnett. Following is the itinerary for the "movable poultry school" beginning next Monday, February 13: Tabor High School—9 a. m. Edge—11 a. m. Dinner at Edge. Kurten—2:00 p. m. Reliance—3:30 p. m. Tuesday, February 14. Harvey School—9:00 a. m. Steep Hollow—11:00 a. m. Smetana School—2:30 p. m. Teachers at schools to be visited will arrange to have some pupil deliver a word of welcome address on the part of the school; some citizen on the part of the community. This poultry school is not merely for the schools which are to be visited, but for the farmers and their wives who are interested in better and more profitable poultry. Hence, it is suggested that you be on time to see and hear all that will be of help to you in the future. Remember, be on time. The "school" must move. The \$200 rooster and the hen that lays dollar eggs may be gone, if you are late.

Mr. J. E. Boog-Scott of the Livestock Sanitary Commission stated before the Animal Industry Council, Monday, February 6, that twenty-three million head of cattle had been dipped in Texas last year with only twenty-three dying as a result of the dipping. That is a fine record.

in Brazos County I have never met a more kind, congenial, hospitable, live wide awake, progressive, rousing and ready to go to the Tabor community and what I like about you people is that you are always in a receptive mood, ready to listen to any suggestion—and you don't wait for Mohammed to bring the mountain to you, but you go after the mountain and always bring it back and you grab at a good proposition as a drowning man grabs at a straw. Mrs. Laws and Mr. Mobley, the International Harvester Company certainly paid this community a grand but a well deserved compliment in holding a short course here, and I am going to call on different ones at this table to tell you of the things that Tabor has accomplished in recent years, and I want you to listen attentively, make notes if possible so that you can write back to your company and tell them they were wise in selecting the Tabor community for short course, that they made no mistake as you found the Tabor community."

Following the invocation by Rev. King Vivion, Prof. G. M. Ammons made a very interesting talk on the great work accomplished by the Tabor school, which has two men and two women teachers. They teach domestic science, have a well equipped library, and take great interest in athletics. Walter Armstrong talked on the Tabor Welfare Club said: "Five years ago a handful of people met in the school house, the only light that they had was a lamp without a chimney, and Mr. Beason's car pushed up close enough to throw the light from his lamps and today we have a complete system of Delco lights, a teachers home with lights and water, a new school building with library, heating system and many other things provided by the Welfare Club."

The next speaker was Prof. J. L. Cobb, who responded to the toast "The Tabor Community Fair" stating that they had held three annual fairs and had given in premiums from \$100 to \$250, and a free dinner to all who attended each fair."

Mr. C. L. Beason, county agent, talked on "The Tabor Community," reviewing that community for the past five years, of the work they had accomplished in the churches, schools, athletics, fairs, Boys' and Girls' Club and agriculture generally. His talk was instructive and surprising to even those who lived in that section.

Mr. A. W. Buchanan, District Agent A. & M. Extension Department whose subject was "Eyes That Cannot See." He referred to his intimate association with the Tabor people, his visits to their homes and farms and asserted they accomplished more than other sections. He complimented the workers of the community and predicted a great future for them."

In introducing Miss Mary Locke, Secretary Eberstadt said: "There's not a thing in earth or Heaven,

There's not a task to Mankind given. There's not a joy, there's not a woe, There's not a whispered 'yes' or 'no', There's not a life, a death, a birth, That has a feather's weight of worth Without a woman in it!"

Miss Locke said how highly complimented they were that the International Harvester Company of Chicago had honored the Tabor community by holding their short course there. "The work which you have heard discussed has been accomplished not through the efforts of any individual but the united effort of the entire citizenship. We have received a great good from the short course and are looking forward to a renetition of it next year." She presented a dozen red carnations to Mrs. Bertha Dahl Laws with compliments from Tabor Women's Club.

Mrs. Laws responded that she has never worked with a kinder, more hospitable and wide awake people than these in Tabor. "What I like about you peoples" he said: "Is that

Here are Bargains at Under Market Prices AT M. BONNEVILLE'S RACKET STORE

MORE GOODS FOR THE SAME MONEY

THE SAME GOODS FOR LESS MONEY

Never in the history of our business have we had such opportunities for securing such extraordinary values. Our buyers in the East are shipping us daily merchandise far below their values and we are placing them on display at prices to meet the public demands. We know these days it takes big values in merchandise and but a little money to buy them with. We are well secured with this kind of merchandise arriving every day and we know the condition of affairs in this county and we are going to buy and sell such goods that we know are real values and for less money than you will or can buy from our competitors.

REPRESENTATIVE WEBB CALLS ON THE EAGLE

Representative L. Webb of Henderson, was here today and called on the Eagle. Representative Webb is now connected with the Southern Pacific Railway lines as inspector of bridges and highways and came in on a motor car with a corps of assistants. He said he only stopped a few minutes in Bryan and had just thirty minutes to get to Hearne where his services were needed. Mr. Webb served in the 37th legislature but stated he would not run for reelection. He said: "I spent four months at Austin and had to send home for my wife to sell some hogs and cattle off the farm to pay expenses as a member of the legislature and it is a question whether I should make this sacrifice again." Our advice to him was let his conscience be his guide, make up his mind fully and fear no evil. Just the same a meeting of the legislature would not be fully complete without L. Webb, who on account of his ambition looks remembers the tale Tom Ochiltree, who was known in congress as the "Brilliant Red-headed Ranger from Texas." Bro. Webb is the salt of the earth.

IMPROVE ST. ANTHONY CHURCH The parishioners of St. Anthony Catholic church are making some needed improvements on the church in preparation for a school of missions to be held here in the near future, and at which time the church will select a priest for the church. The church has been without a pastor for some months.

MISSION FOR ST. ANTHONY CHURCH BEGINS FEB. 12.

The parishioners of St. Anthony's church are making great preparations for the coming Mission to be held in the church, beginning Sunday February 12, and continuing through February 26. Father Francis, a Franciscan Friar from New York will preach. All Italians are cordially invited to attend.

MARRIAGE LICENSES. The following marriage licenses have been issued for Brazos County by County Clerk A. S. McSwain since last Friday: Jasper Bond and Joanna Scardina; Lunn McVill; and Allithia Lawdon; General Brown and Pearlina Martin; C. W. Saxon and Ruby Slaughter of the Reliance community.

you are seeking information and are never tired of listening to anything that you think will help build up your community. This banquet is one of the nicest, most tastefully arranged, the best prepared I have ever tasted in my travels."

Rev. King Vivion pronounced the benediction.

WELLBORN ORGANIZES A SUNDAY SCHOOL

Sunday, February 5th, was a notable day at the Baptist church in Wellborn, when the pastor, Rev. Robert C. Koller of Waco, was present and organized the first Sunday School ever organized there, with a membership of 25 charter members. Christian fellowship and enthusiasm on the part of the membership of the Wellborn church, led by the consecrated pastor was thus enlisted in a great

work for the uplift of the young people and children of the community, a work that will live through all time to honor the name of Christ and His church on earth. The following officers were elected: Mr. George F. Lee, superintendent; W. E. Graham, vice superintendent; Miss Lillie Barron, secretary-treasurer. The newly organized Sunday School will meet every Sunday morning at 10 o'clock, and everybody in the community has been invited to attend and make of it a real success from the beginning. All teachers and department officers will be appointed during the coming week and announced later.

Tabor Short Course Was Great Success Despite Bad Weather

Notwithstanding the unfavorable weather and the condition of the roads, the like of which has not been seen for many a day, the Tabor short course was a splendid success. Besides the local people taking part on the program, there were among the prominent lecturers Mr. H. S. Mobley and Mrs. Bertha Dahl Laws of the International Harvester Company, and Mr. A. K. Short, agronomist, Extension Service, A. and M. College of Texas. On Friday night Mr. Mobley delivered a lecture on "Communities are Made of Folks," calling attention to the fact that communities are not made of houses and lands, beautiful scenery, livestock upon a hundred hills, yet all these are good, but real communities, God's idea of the work among men, are made up of men and women conscious of the opportunities that surround them and inspired by the vision of service to do something definite in the development of agriculture and the making of a better people. Graphic pictures were painted of the rise of communities, the success and failures among men, and the causes leading to same. He stated that the greatness of California did not consist in the magnitude of her orange groves, the variety of vegetables, the beautiful scenery, nor in her pine roads, but in the hearts of her people who had caught a vision of their own opportunities and had realized the values of the things about them. Bunyan's Pilgrim Progress and the development of the Jersey Isle were mentioned to illustrate the fact that opportunity lies in the hearts of men.

On Saturday Mrs. Laws won a warm place in the hearts of the Tabor people through her genial manner and the splendid lectures on "A Woman's Work in the Community," and "A Labor-Saving Kitchen." She emphasized the fact that woman's chief work in the world is, should be, to raise a family and make a home, but she called attention to existing conditions saying that drudgery imposed upon woman by lack of conveniences, and the failure to provide needed recreation had caused woman to refuse the duties and responsibilities of motherhood, thus endangering the perpetuity of our civilization, as has been the case with France. She contrasted the life of the girls of today with that of our mothers, vividly picturing the great change which has come about and showing clearly the necessity of the proper education and training of our girls today in order that they may be fit for the work that lies out before them.

Illustrations were given showing how a woman may save walking 1200 miles a year by a mere change and proper arrangement of her kitchen. The humblest homes may have, she said, many necessary conveniences at practically no cost at all, and these should be provided since the woman is the most costly equipment of the home and she should be protected. In speaking of the health problems of a community, Mrs. Laws stated that according to Irving Fisher of Yale University out of every 100 folks who are 25 years old today, 36

will be dead 40 years later, and 53 at 65 of age will be dependent upon relatives and charity. Of those dependent 77 per cent are physically unfit, and that sickness costs over a billion dollars a year. In pointing to the importance of taking advantage of opportunity, Mrs. Laws stated that on last Thanksgiving Day a great automobile manufacturer and probably the richest man in America today called atten-

will be dead 40 years later, and 53 at 65 of age will be dependent upon relatives and charity. Of those dependent 77 per cent are physically unfit, and that sickness costs over a billion dollars a year.

Emil Jeske, for the sum of \$700 conveys to James Strassky a tract of land in the J. W. Stewart league, Brazos county.

Gus Sims, for the sum of \$300, conveys to J. S. Mimms and wife, 55 acres north of Peach Creek, out of the Henry G. Hudson survey.

C. H. Andrews and wife for the sum of \$219, convey to James H. Suttin, lots 1 and 2, and the north one-half of lot 3 in block "C," in Hill Crest addition, Bryan.

Julius Manthei, for the sum of \$1 and other consideration, conveys to Chas. Schrom two tracts of land in the F. Henderson league, Brazos county.

Mrs. Josephine Vashinder, for the sum of \$10 and other consideration, conveys to Josephine and Douglas Vashinder, lot 4 and the east one-half of lot 8, city block 178, Bryan.

BRYAN CITIZEN HONOR GUEST OF YOUNG MEN OF NAVASOTA CHURCH

(Navasota Examiner-Review) After the musical program last night, the Young Business Mens class of the Methodist Sunday School, their wives and sweethearts, and invited guests, went to the parlors of the church, where the Missionary Society had prepared an oyster supper, consisting of oyster cocktail, fried oysters, fruit salad and coffee. As honor guests the class had present Hon. Lee J. Rountree, and as invited guests in honor of Mr. Rountree were Senator and Mrs. H. L. Lewis and Mr. and Mrs. C. E. Henry.

S. W. Adams, teacher of the class acted as toastmaster, and many good talks were made by those present. Especially interesting were the talks by the honor guest, Hon. Lee J. Rountree, Senator H. L. Lewis, J. Fred Hohn, Ralph Barry, C. E. Henry, Rev. H. M. Timmons and S. W. Adams.

While a surprise to both Miss Craig and the banqueters was found in Miss Craig, who in a winning way responded to a surprise request from the toastmaster that she favor them with one of her readings. Miss Craig is an unusually pleasing reader.

All went away hoping to have a call to another banquet soon. And they voiced their approval of the service. From now on, the missionary ladies have a job if they will take it for we like the church parlors for our class suppers.

DIED AT THE BIRTH OF TWENTY-THIRD CHILD

News was received here Monday of the death of the wife of Henry Love, and daughter of Giles Tate, a well-known colored farmer of Robertson county living at Spring near Bencheley. The woman married Henry Love twenty-two years ago and to them were born twenty-three children, she dying at the birth of the twenty-third child last Friday night. The remarkable feature of the story is that the child is living and doing well. There are twenty of the Love children at home, two being dead and one married. Henry Love owns a farm near Bencheley and is a good worker and the father of the woman, Giles Tate, is a member of one of the oldest negro families in this section of Texas. The family often trades in Bryan and is well-known here.

LIBRARY TEA WEDNESDAY. February 8th is the final date set for the Library tea to be given by the Woman's Club. It is always looked forward to as a pleasant social event as well as an opportunity for every citizen to give his part toward supplying good books for the shelves. Remember the date, Wednesday from 3 to 6 o'clock, Carnegie Library.

MRS. PARK WON CABINET. Mrs. Sankey Park won the Hoosier Kitchen cabinet given away today by the E. F. Parks Furniture Co.

MEETING IS BEING CONDUCTED AT EDGE. Rev J. P. Brown, of Decatur arrived Thursday afternoon and will go to Edge accompanied by Rev. J. J. Tatum, Rev. C. B. Thompson, Rev. Ollie Smith and others where the quarterly meeting will be held followed by a few days meeting conducted by Rev. Brown at the church at Edge.

ATTORNEY HENDERSON RETURNS FROM FRANKLIN. Hon. F. L. Henderson has returned from Franklin where he attended district court. Attorney Henderson arrived in home in time to be late at Wednesday's Rotary luncheon.

Advertisement in the Daily Eagle.

PERSONAL MENTION

WEDNESDAY, FEBRUARY 1, 1922. Mrs. J. T. Hanway went to Austin today for a visit with her friend, Mrs. T. W. Gregory of Washington, D. C., who is in Texas on a visit to her mother, Mrs. Nalle of Austin. Mrs. Hanway and Mrs. Gregory were girlhood friends.

Robert L. Gill of Normana, Bee county, Texas, who was formerly in training at A. & M. College, but was called home on account of the death of his father has returned to reenter school.

Jim Swanson of Navasota was a business visitor in Bryan today, returning to Navasota by afternoon train.

A. N. Stewart, who has been employed at Haswell's Book Store has accepted a position with Grant Lumber Company and entered upon his new duties today.

Mrs. H. B. McDowell and little daughter, Dorothy, returned yesterday afternoon from Hearne where they spent the week-end with her mother Mrs. S. C. Johnson.

The children of Mrs. Wallace Pevlerly, Pauline and Wallace, Jr., who have been quite ill for the past few days are reported much improved today.

Mrs. M. R. Bentley is ill at her home on East 26th street.

Ed Dowling of Wellborn was in town today.

Homer and Lynn Mathis of Reliance were greeting friends in Bryan today.

Henry Blackwell returned home today from an extended hunting trip in the southeast Texas country.

You never tasted Corn Flakes so joyously flavored, so crispy-crunchy as Kellogg's

That's why big and little folks who know the difference insist upon KELLOGG'S! The thing to do is to make comparison—Kellogg's against any other kind of corn flakes you ever ate! If it's all-the-time crispness or delicious, appetizing flavor you want—well, just you eat Kellogg's! And, what a delight to know they're never leathery or tough!

You'll get so cheerful about Kellogg's that the day's best hours will be when it's time to sit down with the family in front of generous bowls all filled most to bursting with those big, sunny-brown Corn Flakes! Never was a better time than tomorrow morning to prove that KELLOGG'S Corn Flakes are about the "gladdest of all good things to eat."

Insist upon KELLOGG'S—the kind in the RED and GREEN package—if you want to know how wonderfully good corn flakes can be!

Kellogg's CORN FLAKES

Also makers of KELLOGG'S KRUMBS and KELLOGG'S BRAN, cooked and krumbled

Mrs. Norman Cloud of Mexia arrived this afternoon for a week-end visit with Mr. Cloud's parents, Mr. and Mrs. T. A. Cloud on west 27th street. Friends in Bryan have received announcement of the marriage of Webb H. Buchanan, son of Mr. and Mrs. Robert L. Buchanan of Silverton, Texas, to Miss Anna Mae Hays, daughter of Mr. and Mrs. J. M. Hays, also of Silverton. The marriage was solemnized at the home of the bride's parents on Sunday afternoon, January 29th.

Mr. and Mrs. Edgar U. Peters of Jarvey were among the Bryan shoppers today.

The many friends of B. H. Knox, who has been seriously ill at his home in this city for the past ten days, will be glad to learn that he is somewhat improved today. However, he is still quite ill.

Miss Celia M. Crosse, who has accepted a position with the Brazos County Red Cross, as Public Health Nurse for Brazos county, arrived this afternoon from Thatcher, Colorado, and will take up her official duties on Monday, February 5. Miss Crosse comes highly recommended as a woman of culture and charming personality, and will, no doubt do a great work along health lines in this locality.

W. J. McDonald of Edge was in the city today on business.

Mrs. J. M. Bullock and little Miss Lula Mae Bullock of Bryan were week-end visitors of Rev. and Mrs. C. E. Bullock.—Hearne Democrat.

Miss Lizzie Curry and Mr. and Mrs. G. R. Dunn of Wheelock were in Bryan today.

Tired

"I was weak and run-down," relates Mrs. Eula Burnett, of Dalton, Ga. "I was thin and just felt tired, all the time. I didn't rest well. I wasn't ever hungry. I knew, by this, I needed a tonic, and as there is none better than—"

CARDUI

The Woman's Tonic

"I began using Cardui," continues Mrs. Burnett. "After my first bottle, I slept better and ate better. I took four bottles. Now I'm well, feel just fine, eat and sleep, my skin is clear and I have gained and sure feel that Cardui is the best tonic ever made."

Thousands of other women have found Cardui just as Mrs. Burnett did. It should help you.

At all druggists.

CLEANS OUT TONES UP WHOLE SYSTEM

DR. THACHER'S LIVER AND BLOOD SYRUP

Jenkins Drug Store

What you're clogged up by CONSTIPATION, jaundiced by a torpid LIVER, devitalized by poor BLOOD or soured by DYSPEPSIA your case calls for Dr. Thacher's Liver and Blood Syrup—an old physician's famous prescription, in successful use for 68 years as an all-around family medicine.

"From His Heart"

Mr. B. J. Hatcher, of Shell Bluff, Ga., says: "I am going to give you a testimonial that is from my heart. I would not be without DR. THACHER'S LIVER AND BLOOD SYRUP in my home and will try my very best to get it into every home in my locality. I take it and my wife and children take it whenever we see even the least indication of a coated tongue, since we know that the tongue is the thermometer of the stomach."

POULTRY RAISING IN BRAZOS COUNTY!

"Purina" Made the Difference!

EQUAL in laying ability. But the hen on the right was fed a common grain ration while the other was fed Purina Chicken Chowder and Purina Hen Chow. Grains have lots of material for yolks, but far too little for whites. As they can't lay yolks only, grain-fed hens lay fewer eggs.

Purina Poultry Chows

form a complete ration, containing material for an equal number of whites and yolks. They get the most out of your hens, and cut the feeding cost per dozen eggs.

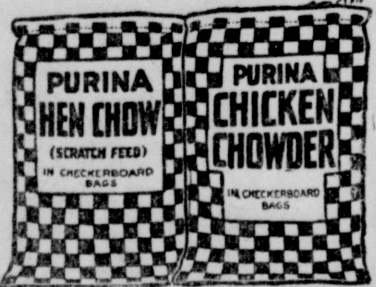

More-Eggs Guarantee

You get your money back if Purina Chicken Chowder and Purina Hen Chow, fed as directed, don't produce more eggs than any other ration. Why should you put off a trial when we take the risk?

POULTRY POSSIBILITIES IN BRAZOS COUNTY

(By T. J. Conway, College Station)

In our present depressed and almost discouraging business of farming, the raising of poultry offers the Brazos county farmers one of the very best methods for him to become prosperous and independent. Everybody realizes that we must change or modify our system of agriculture. For a permanent substantial farm life livestock is absolutely essential. As money is everything but plentiful at the present time the kind of livestock will be influenced by the capital required for the initial outlay and the probable income to be derived.

A good start with poultry can be obtained with a small amount of money and the returns are quick and regular. A good flock of laying hens when cared for properly will yield a good continuous income every week during the entire year. At the present time we have numbers of good farmers with very good flocks who are making incomes of from \$20.00 to \$40.00 a week from their flocks. Brazos county is excellently adapted to good sure poultry production. In poultry work soil and climatic conditions are not of such great consequence as in crop production.

A great handicap to agricultural production is the profitable disposition of the product, or in other words the marketing of the product or products at a price that will net a reasonable profit. In this respect we are especially well prepared in this county. A good market is available at the produce houses in Bryan for all the market eggs and market poultry that may ever be produced. In this respect Bryan is one of the best car-lot shipping points in the state for eggs, chickens and turkeys. For the sale of hatching eggs during the months of January to June the present hatching requirements are far in excess of the present production of pure bred hatching eggs in the county. In this connection I might mention that with only the present capacity considered to supply the Bryan Hatchery during the above period will require the services of at least 2,000 good purebred S. C. White Leghorn hens, 1,000 good purebred S. C. Rhode Island Red hens and 1,000 good purebred Barred Plymouth Rock hens. Unfortunately there are only a very small number of these desired birds in the county. As the hatchery enlarges the flocks must necessarily increase. A hundred dollars or more per month to a farm is a great factor in financial independence. The slogan in Brazos county should be "200 hens on every farm." These 200 hens when properly fed and cared for will yield very good and excellent returns. For those who are especially interested and adapted to poultry work flocks of 1,000, 2,000 or more layers would be very valuable and helpful.

During the past year orders have come into this county for thousands of good purebred stock. As there were none available the thousands of dollars that these orders represented were spent in other counties. With the great and good interest that is being developed in all parts of our state and the adjoining states there will always be an attractive and sure market for good breeding stock.

In order to improve and develop his flock this spring the poultryman or farmer should have a special breeding pen which will include the 10 or 15 very best hens he has, mated to the best male bird he can afford to obtain and from this pen, and this pen only should the hatching eggs be used to renew and enlarge his flock. Breeding from the flock as a whole with no regard to individuals will not result in improvement. The county agent and other breeders of the county will no doubt be glad to render assistance in this work at any time.

If there are no birds on the farm at present, efforts should be made to get a start immediately. The cheapest method would be to purchase one or more settings of good purebred eggs. Hatch these under a hen or hens and then from year to year enlarge. If a large number of layers are desired this winter it may be advisable to purchase day old chicks. These may be obtained in any size lots and brooded in lots of 25, 100 or 500. In this case a good brooder and brooder equipment is necessary. It requires usually four chicks to produce one good pullet so that ordinarily 400 chicks will yield under proper management 100 pullets for winter laying. Help and assistance is available from the college and county poultry association in this work.

The purchase of grown birds is an excellent means of starting but requires the greatest outlay, and possibly at this season of the year may not be possible.

In the selection of a breed personal likes should be considered but of great consequence is the market demand and popularity of the breed. For farms in this county it would be advisable to use the S. C. White Leghorn, S. C. Rhode Island Red or Barred Plymouth Rocks. These breeds are the most popular, and especially suited to farm condition. As money makers they will no doubt yield the most. These breeds are hardy and are the ones most in demand by backyard and farm breeders, and also, for market purposes.

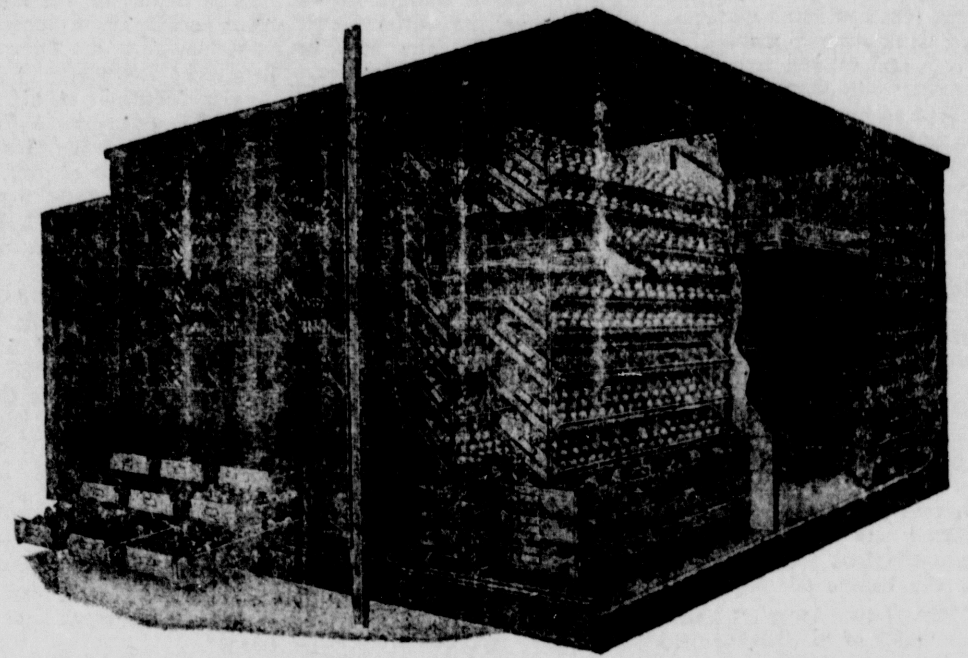

This is the time of year to do poultry work, and if properly done and planned now will mean good and profitable returns during the summer and winter months. There are few agricultural enterprises which Brazos county is so well adapted as poultry, and if we are to become once more prosperous and contented in our farm life and revitalize business it will be necessary to enlarge and develop this phase of business. Many communities in different parts of the United States have developed poultry until it is now the major industry. It is not necessary to state that at present these localities are very prosperous.

The Brazos County Poultry Association, the County Agent and his staff and the Poultry Department of the College are ready and willing to be of help and assistance whenever possible. Let each farmer develop a
